Course Description:

ENGLISH LANGUAGE LEARNER TUTOR TRAINING:

Imagine living in a community where you do not understand the language and cannot read the written word. Now, imagine yourself as part of someone's solution. Teaching a person to speak and read English doesn't require that you know the other's language. It means you have to have the patience and desire to teach language, life skills and cultural differences. To become a Literacy Volunteers of Bangor tutor, we offer this 18-hour training course, which introduces second language acquisition, culture, teaching strategies, approaches, and drills. Taking the 1-hour **Intro to Literacy** course is advised. For more information or to register, contact 947-8451.
